**Essential Assets Group Approved as Registered Education Provider
by Project Management Institute**

To Help Address the Increasing Demand for Certified Project Managers in both Public and Private Sectors

Springfield, VA, January 15, 2020 – Essential Assets Group today announces that the Project Management Institute (PMI), the world’s largest project management member association, has named it as a Registered Education Provider (R.E.P.) effective January 1, 2020. R.E.P.’s are organizations that have been approved by PMI to help project managers achieve and maintain the Project Management Professional (PMP)[®], Program Management Professional (PgMP)[®] and other PMI professional credentials. Essential Assets Group has met PMI’s rigorous quality criteria for course content, instructor qualification, and instructional design.

Project Leaders are increasingly turning to R.E.P.s for certification training and maintenance to learn the knowledge and skills needed to effectively deliver results, reduce costs, increase efficiencies, and improve customer and stakeholder satisfaction. Essential Assets Group partners with qualified and certified instructor-consultants, each with more than 20 years specialized industry experience, who are passionate about educating project managers on the project management methodology using best practices of project, program, and portfolio management as standardized by PMI to yield the greatest value for their organization.

“In today’s digital economy, organizations need to align their project management strategies with their strategic business goals to remain competitive. The greatest value of project management is realized when processes are integrated across each phase of the project with measurable results leveraging the organization’s people, processes, and technologies every step of the way.” said Alison Gonzalez, Chief Executive Officer for Essential Assets Group. “We’re excited to be recognized by PMI as a Registered Education Provider (R.E.P.) and look forward to collaborating with our clients to help them advance along their path to project management excellence.”

Essential Assets Group joins more than 1,500 R.E.P.s in more than 80 countries. These organizations include commercial training providers, academic institutions, and corporate training departments within corporations and government agencies.

About Essential Assets Group, Inc.

Essential Assets Group specializes in optimizing its client's people, processes, and technologies to best support its mission-critical programs. We focus in enhancing the knowledge, skills, and abilities of today’s workforce by developing both technical competencies as well as professional skills ultimately closing the skills gap and building a better trained, more confident workforce ensuring a more sustainable organization. Our capabilities span certification training, knowledge training, and niche consulting services
